

# Bodywork Brianne

Thank you for your interest in bodywork! At this time, Brianne is not taking new clients. Please find a list of therapists below that are accepting new clients and have offices located within San Luis Obispo County. Please keep in mind that these are just suggestions, Brianne has not directly received sessions from some of these individuals and cannot endorse the quality or style of therapy that each provide. Brianne understands that there is a large lack of therapists currently providing services and she hopes that this will assist with your search for bodywork.
